

SECRET #6 – THE ETERNAL BOND

Some of Cairo's secrets are not carved in stone or carried by the river... they are written in the human heart.

Secret #6: For thousands of years, people from every corner of the earth have crossed paths in Cairo. Merchants, travelers, scholars, and dreamers — all leaving behind more than footprints. They left connections, friendships, and legacies that outlived them.

- **In May 2026, Rotarians will do the same. Beyond the sessions, the sights, and the celebrations, the true treasure of this conference will be the friendships formed — bonds that stretch across borders, languages, and lifetimes.**
- **Cairo knows this truth well: monuments may endure for centuries, but fellowship endures forever. And when the conference ends, you will carry something greater than memories — you will carry an eternal bond.**

Will you be part of the ties that time cannot break?

Rotary International District 2451 Conference | May 2026 | Cairo, Egypt
